**TOWN OF REDCLIFF
REQUEST FOR DECISION**

DATE: January 8, 2018

PROPOSED BY: Municipal Manager

TOPIC: Bylaw 1852/2018 Garbage Rates & Collection Bylaw

PROPOSAL: To adopt Bylaw 1852/2018, Garbage Rates & Collection Bylaw as presented

BACKGROUND:

At the council meeting on December 11th, 2017, Council reviewed and passed bylaw 1851/2017 for 2018 residential and commercial garbage rates.

It has since been brought to the attention of the Municipal Manager that there was some technical oversights that need to be corrected as bylaw 1851/2017 did not repeal the appropriate bylaw.

Further to the above, Administration is also recommending that at this time (as the bylaw needs to be re-adopted because of the technical oversight) the solid waste collection rates be adjusted to reflect cost-recovery for the current level of service that is being provided and that were originally presented at the 2018 Budget Council Meetings. As directed at the December 11th, 2017 Council meeting, Administration has begun negotiations with a firm for anticipated implementation of a new municipal solid waste and recycling collection system. Once successful contract negotiations are achieved, any possible rate savings and/or impact could be implemented by adopting a new garbage rates bylaw at that time; however, such negotiations may take longer than anticipated and as such, a cost recovery approach to the current collection and disposal service (as it is today) should be strongly considered and is strongly recommended by Administration.

On a general level, and as discussed at the 2018 budget meetings (November 2nd and 4th, 2017) the primary reason for the rate adjustment is because landfill tonnage fees (set by the Redcliff Cypress Regional Waste Management Authority) continue to experience annual increases while Redcliff solid waste volumes remain more or less static with no diversion initiatives currently adopted into operations.

TOWN OF REDCLIFF REQUEST FOR DECISION

DATE: January 8th, 2018

PROPOSED BY: Community and Protective Services

TOPIC: Redcliff and District Recreation Committee

PROPOSAL: To consider adopting proposed Bylaw 1853/2018 to establish a Redcliff and District Recreation Committee

BACKGROUND:

The evolution of the current Redcliff Recreation Services Board is recommended to assist in recreation and culture asset development. The provincial government has changed the way lottery funds are disbursed, and municipalities are no longer eligible for lottery funding. With incorporating the Redcliff Recreation Services Board this should allow greater access to provincial funding.

The Redcliff and District Recreation Committee will be formed to promote recreation in Redcliff and surrounding area. The committee, which will be incorporated under the Alberta Societies Act and will have representation from the Redcliff Town Council, the Cypress County Council, the Redcliff Town Administration and citizens of the town and county.

The Recreation Committee will develop relationships with community recreation groups and with Town and County councils. As opportunities arise to improve community facilities and programs, our committee hopes to be able to facilitate the cooperation of community groups and councils to realize community projects.

The need for a Recreation Committee was established in the 2016 Parks and Recreation Master Plan. By reviewing the lottery funds disbursed throughout the province of Alberta. The Town of Redcliff has one of the lowest totals of lottery dollars allocated per capita in the Province. The purpose of this society is to fulfill the recommendations established in the Parks and Recreation Master Plan (which has already been adopted by council):

- Create a culture of ongoing community collaboration and consultation; employ a variety of methods for staff interaction with stakeholders and the wider community.
- Develop [partnerships with community organizations to enhance and expand recreational programs and facilities.

TOWN OF REDCLIFF REQUEST FOR DECISION

DATE: January 8, 2018

PROPOSED BY: Municipal Manager

TOPIC: Alberta Community Partnership (ACP) grant submission for Intermunicipal Collaboration Framework project.

PROPOSAL: To approve/support the ACP joint (City of Medicine Hat, Cypress County, Town of Redcliff) grant submission with the City of Medicine Hat acting as the Managing Partner

BACKGROUND:

The Municipal Government Act requires all municipalities in Alberta to have Intermunicipal Collaboration Frameworks (ICF) in place by April 1, 2020. Regarding ICF's, municipalities must work with neighbouring municipalities, and negotiate in developing a framework that addresses core municipal services (ie. transportation, water, wastewater, solid waste, emergency services, and recreation etc...).

The focus of the application is to assist the partner municipalities (Medicine Hat, Redcliff, and Cypress County) in building effective working relationships, undertaking preparatory work in advance of the formal start of ICF discussions and the subsequent development of the ICF.

Preparatory work will include the development of comprehensive, individual, self-assessments for the partnering municipalities, including:

- An inventory of the services being provided by that municipality on an individual basis;
- An inventory of the services delivered in the municipality by a third-party;
- An inventory of the services where the municipality is a party to an intermunicipal service delivery arrangement, and the terms of that arrangement; and,
- An inventory of services delivered by the municipality which may be accessed by residents of another municipality.

Following the completion of the individual assessments, the development of an ICF will follow that addresses the provision of common services where possible in an effort to maximize the efficient use of resources in the region. The associated activities may include workshops with elected representatives and information sessions in partner communities with stakeholders, residents and others on service delivery.

Financial considerations are as follows:

- This ACP grant submission is in the amount of \$200,000.
- If the grant is approved by the province and the project moves forward any costs over and above the approved grant amount would be shared equally among the partner municipalities (Medicine Hat, Redcliff, and Cypress County).

Through participating in this project and subsequent grant submission application, the partner municipalities can obtain additional expertise (ie. third party consultants/experts) to assist in the development of ICF's within the region.

POLICY/LEGISLATION:

The ICF related section of legislation in the Municipal Government Act and related regulation will come into force on April 1, 2018 with ICF's required to be in place by April 1, 2020 (within two years of coming into force), or a mandatory arbitration process will be initiated.

STRATEGIC PRIORITIES:

Regional Collaboration was established as one of Council's advocacy based strategic priorities.

PROPOSED BY: Legislative & Land Services Department

TOPIC: Council Computer Budget

PROPOSAL: To consider adding budget allowance for Council Computer Equipment/Repairs

BACKGROUND:

During the 2018 Budget discussions Administration brought forward a recommendation to include \$4,200.00 in the 2018 budget for replacement laptops for Council members. Some members were having some issues and it was felt that purchasing laptops would better suit the needs of the Council. At the Special Council meeting of November 4, 2017 a motion was passed to remove this expenditure from the budget.

2017-0428

Councillor Czember moved that the purchase of council laptops be removed from the proposed 2018 Operating Budget. – Carried.

With the inclusion of funding for replacement laptops there was no additional funds included in the budget for any unforeseen council equipment failures or equipment needs during the 2018 year as it was not deemed necessary. With the removal of the purchase of replacement laptops there is no money allocated in the budget for such scenarios. Since that November 4, 2017 meeting one of the Councillors computers was damaged and is irreparable. There are potentially two others that have had some issues as well.

His Worship Dwight Kilpatrick
Mayor
Town of Redcliff
PO Box 40
Redcliff, AB T0J 2P0

Dear Mayor Kilpatrick:

It was a pleasure to connect with municipal leaders in November at the Alberta Association of Municipal Districts and Counties and the Alberta Urban Municipalities Association conventions.

Many municipalities indicated they had questions about phase two of the federal government's Investing in Canada Infrastructure Plan (ICIP). I committed to providing a fact sheet to all municipalities on what the Government of Alberta currently knows about ICIP funding and related processes.

I am pleased to provide you with a fact sheet about the Investing in Canada Infrastructure Plan. It outlines the four funding streams and cost-sharing requirements and provides information on the Canada Infrastructure Bank and our understanding of next steps. If you have questions about the Investing in Canada Infrastructure Plan, please submit them by email to Alberta.ICIP@gov.ab.ca.

I look forward to continuing our work on issues that are of importance to your community and Alberta.

Sincerely,

Sandra Jansen

The Investing In Canada Infrastructure Plan What It Means For Alberta

The \$180+ billion Investing in Canada Infrastructure Plan will be delivered over 12 years. Of this, \$33 billion will be made available through bilateral agreements between Infrastructure Canada and each of the provinces and territories.

The Governments of Alberta and Canada are currently negotiating this Phase 2 bilateral agreement, expected to be signed in March 2018. **Alberta's allocation is \$3.4 billion for: Public Transit, Green Infrastructure, Community, Culture and Recreation and Rural and Northern Communities.**

COMMUNITY, CULTURE AND RECREATION

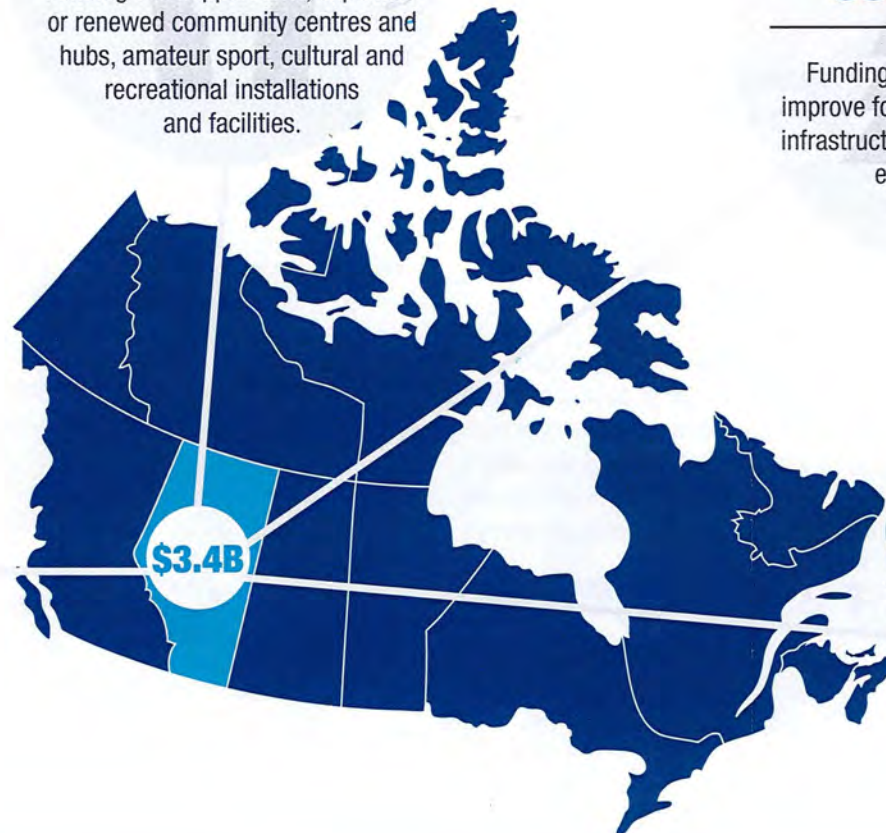

Funding will support new, expanded or renewed community centres and hubs, amateur sport, cultural and recreational installations and facilities.

RURAL AND NORTHERN COMMUNITIES

Funding will support projects that improve food security, local road or air infrastructure, broadband connectivity, efficient and reliable energy sources.

PUBLIC TRANSIT

Helping Canadian communities to improve and expand their existing public transit systems.

GREEN INFRASTRUCTURE

Consists of three separate sub-streams: Greenhouse Gas Mitigation; Adaptation, Resilience and Disaster Mitigation; and Environmental Quality.

Cost Sharing

The federal government will provide cost-sharing for eligible projects up to the following:

- *Provincial*: maximum of 50 per cent for each project;
- *Municipal*: maximum of 40 per cent for each project. Provinces are required to cost-share on municipal projects at a minimum of 33.33 per cent of eligible costs;
- *Not-for-profit sector*: maximum of 40 per cent for each project;
- *Indigenous communities*: maximum of 75 per cent;
- *Private sector, for-profit owned*: maximum of 25 per cent (not eligible for the Community, Culture and Recreation stream);
- Under the Rural and Northern Communities stream, Canada will invest up to 50 per cent for provincial, municipal and not-for-profit projects.

Next Steps on the Agreement

Alberta is responsible for identifying and submitting projects to the federal government, who will then determine approval. Alberta will work with municipalities and other partners to determine eligible projects to be submitted.

Projects will be prioritized based on the fiscal situation and provincial priorities and will be submitted after the agreement is signed in 2018.

Interested municipalities are encouraged to work with applicable Ministries to identify and prioritize projects.

The Canada Infrastructure Bank

The Canada Infrastructure Bank is a new tool that provincial, territorial, municipal and Indigenous government partners can use to access innovative financing for revenue-generating infrastructure projects. It aims to attract private and institutional investment to such projects in Canada, which will help public dollars go further by leveraging the capital and expertise of the private sector.

The Bank will invest \$35 billion from the federal government towards revenue-generating infrastructure projects that are in the public interest, with a focus on projects such as public transit systems, trade and transportation corridors, and green infrastructure.

The Town of Redcliff Community Update & Guide

Message from Mayor Kilpatrick

As 2017 rapidly came to an end, our thoughts settled on the celebrations and perhaps the holidays. While we wound down for the year and enjoyed all the festive things the season had to offer, it has been my habit to approach the holidays with gratitude for all the great things that happened during the year and to reflect upon the local, national and global events that touched us.

In the three months since the election, Town Council has approved an interim budget for 2018 with the support of our Town administrative team. We will be engaged in strategic planning early in 2018 to prioritize the needs of our community in the future. The municipal development plan that many residents provided input should also be finalized in the near future. We are very grateful for the input that was received that will be instrumental in our planning.

The Town of Redcliff saw its first Fall Festival in September, 2017, which was a huge success thanks to all who volunteered and came out to support the

event. Other community events that were noteworthy included Redcliff Library's 50th Anniversary celebration and the well-attended Remembrance Day services.

A range of major projects have been completed, or are very near completion including:

- Riverview Drive sub-drainage and repaving
- Jesmond coulee (Westend) slope failure repair
- Redcliff Rectangle renovations and upgrades

I am proud to have been involved in decisions that shape our Town and hope that this will improve community life for current and future residents.

On behalf of council and staff, I would like to wish everyone all the best in 2018.

Mayor Kilpatrick

WINTER DRIVING IS HERE!

As we approach the winter driving season the Redcliff RCMP would like to remind residents to be prepared. We've already seen two significant snowstorms that have made the streets and highways nearly impassable.

To help make your winter travels a little less stressful, the RCMP would like to suggest the following:

- Plan ahead and drive according to conditions
- Clear all snow and ice completely off windows
- Carry a well-stocked emergency kit
- Anticipate longer travel times

For highway conditions in Alberta, either call 511, check out 511.alberta.ca or even better, download the 511 Alberta app to your phone.

WINTER SAFETY TIPS

SNOW

Ensure all entry/exits in your home are cleared from snow to ensure you can get out in case of a fire. Make sure all windows are not frozen in case you need to use these as an escape mechanism.

HYDRANTS

If there is a fire hydrant near your home you can assist the fire department by keeping the hydrant clear of snow so in the event it is needed, it can be located.

HEATING

Keep anything that can burn at least three-feet away from heating equipment, like the furnace, fireplace, wood stove, or portable space heater. Have a three-foot "kid-free zone" around open fires and space heaters.

FIRE PLACES

Never use gasoline or any other flammable liquids to start a fire. Use only seasoned and dried wood. Never leave the fire unattended or let it smoulder.

Reminders for Residents

- Residents are responsible to clear snow from sidewalks within 24 hrs of snowfall. Snow, or other materials, originating from private property CANNOT be put onto the street.
- When driving near snow clearing operations, residents are also asked to stay 10 meters away from snow clearing, sanding and hauling equipment at all times. Keeping a safe distance away from equipment will assist Town Staff in performing their jobs efficiently and safely.
- When temperatures get colder, we remind you to insulate and/or apply heat trace to any water pipes and lines that are exposed to the colder weather to prevent them from freezing.
- It is always a good idea to have someone check your home on a regular basis while you are away.

Winter Road Maintenance

The Public Services Department is responsible for the winter road maintenance. Their goal is to provide a level of service that will prevent or reduce accident or injury to residents, to reduce the economic losses to the community, and to facilitate the response to emergencies by Police, Fire, and Ambulance services. Winter road maintenance activities include application of sand or sand/salt combinations when driving conditions deteriorate plus plowing and removal of snow to selected roadways. The primary goal during any snowstorm is to keep primary and collector streets open and safe for the motoring public. Priority is given to Emergency Routes, School Zones and the Downtown Commercial Area. For more detailed information please refer to the Town of Redcliff Sanding and Snow Clearing of Streets Procedure No. 020 (2009).

Licensing Your Dog in Redcliff
Licensing your dog is mandatory under the Dog Control Bylaw. Section 8 States that the owner of a dog over the age of six (6) months must license their dog. What could this tag possibly do for you?

For the cost of a mere \$30, your dog has a better chance of being reunited with you if it gets lost.

The Town of Redcliff recently implemented a program that allows the finder of your lost dog to access basic information on the Town of Redcliff website: www.redcliff.ca Under: Online Services > My Redcliff > Dog Search. The dogs Tag number can be searched and will display the Dogs name, Gender, Colour and the owner's phone number.

If the finder of the dog feels uncomfortable returning the dog he or she may still contact Redcliff CPO. Steier to assist with the return of the dog.

This licensing is another way to expedite you and your dog being reunited.

Below is a list of 5 tips to help you get out of pain and/or determine if you need to go to the hospital.

1

Changes in bowel or bladder function and/or weakness in the legs

If you find you have weakness in your legs where you cannot lift your foot or if you cannot control your bowel or bladder function then you should immediately go to the emergency room.

2

Abdominal Bracing

If you have pain with transitional movements, bracing can help reduce sharp or catching pain. To brace, try to pressurize your abdomen by bearing down. Do NOT suck in your stomach to brace; you actually want to push out just like if you were to cough or strain on the toilet. Bracing before you move can minimize any sharp pains and thus control the resultant spasms.

3

Neutral Spine

The majority of low back injuries are from lifting and twisting. This happens from rounding out the low back while trying to lift. The low back has a natural curve, or lordosis, and this is what we call "neutral spine". Keeping a neutral spine helps your back absorb forces safely. If you are injured, avoid rounding out your low back for now.

4

Self Myofascial Release

When the low back is injured, often the muscles will go into spasm. loosening up these muscles with a lacrosse ball or foam roller can prevent your pain from getting worse and also provide relief. Search for tight and painful spots in the low back musculature and apply moderate pressure until you feel the muscles relax and/or the pain decrease.

5

Get Moving

Bedrest is rarely recommended or indicated anymore for low back pain. Movement will help prevent your muscles from spasming more and causing more pain. Even if all you can do is walk around the house, that would be better than sitting on the couch or laying in bed all day. There is a saying that "motion is lotion and movement is medicine."

These tips can help you start the healing process before you get in to see your Chiropractor or primary care provider. You should seek medical attention when possible to be diagnosed properly and receive further advice. If you would like to know more or would like your back assessed, Dr. Scott Fedysheh is the new evidence-based Chiropractor in Redcliff and he is accepting new patients.

These tips are not to be considered as medical advice and any pain you are experiencing should be evaluated by an evidence-based Chiropractor or your primary health care provider.

BRANDEN PRIMEAU MEMORIAL RINK (OUTDOOR)

The Branden Primeau Memorial Rink is located on 8 Ave SE just East of Margaret Wooding School. Due to the chinooks we experience in Southern Alberta, the rink is only flooded when the forecast shows multiple consecutive days of weather which will support ice integrity.
