

TOWN OF REDCLIFF

2021 Municipal Election Candidate Questions

Mayoral Candidate: Mark Payne

QUESTIONS SUBMITTED BY RESIDENTS

<p>I would like to see a commitment to either building in indoor pool or enclosing the outdoor pool so it can be used by the people of Redcliff all year round. Swim lessons are a high commodity in the city of medicine hat and it is difficult to secure a spot for your child at any time of the year. Having a indoor pool would be a great physical and social activity for all residence of any age at all times of the year. An indoor pool would draw more people to live in our town. Many other towns the same size as Redcliff have an indoor pool knocking us out as a choice for new families that would contribute to our financial picture. Would you commit to building Redcliff residence an indoor pool during your term?</p>	<p>That's a great idea, and I agree to everything you said but I haven't seen the budget and I don't want to promise anything I can't deliver. I would have to talk to council and the town planner and see what we can do, maybe we could use a leisure center on top of the outside pool just a thought.</p>
<p>What are your plans for speed restrictions in Redcliff</p>	<p>I asked everyone on my Facebook page if we should lower the speed limit to 40 it was 52% no and 48% yes, but I would like to put in a playground zone on main from Broadway to 3rd Ave and one on Mitchell Street at the park</p>
<p>What is your position on municipal financial support for the Redcliff Golf Course?</p>	<p>I like that we have the Course here in town, but we must treat it just like any other business, its not fair to have people pay for it that have never used it</p>
<p>Ideas for a recycling station in Redcliff and ways to make our landfill less expensive for residents.</p>	<p>The town has passed a recycling station just waiting on them to build it, but saying that its not central and it has a high cost to the taxpayer about (\$170,000), and for the land fill I would like to give 1 day a month free to all residents</p>
<p>Running a municipality is very much like running a business; what is your experience in dealing with business financials or non profit organizations?</p>	<p>The wife and I own a small business, we have been in business for 6 years, I have also been in a supervision position that we needed to look after budget</p>

What will be done at the intersection of Mitchell and Broadway?	I asked that on my Facebook page, and I had a lot of different ideas from citizens, from a 4 way stop, to lights, traffic circle and extending 9th to the old highway. I would need to ask the council and the town planner and see what they say it's a bigger decision then just for the mayor we need everyone's input.
Do you wear socks and sandals?	No, I wear crocs and socks
Is it possible to get a sidewalk built on Mitchell street and potable water spouts along the walking paths going to the river?	The sidewalk or a path I agree with, the waterspouts are a great idea but not cost effective, but we can always investigate it

QUESTIONS WRITTEN BY ADMINISTRATION

How would you make Redcliff an attractive option for new families?	Show them what we have, low crime rate, bigger lots, lower taxes and a belong to a great town
What sort of future would you like Redcliff to have?	The future I see for Redcliff is growing, prosperous, with all the amenities
What sorts of issues do you feel are important to the Town? How would you address those issues?	The issues I feel are important are water price, no sidewalks on the avenues, no storm drains in the north end of town, speeding, policing, and the lack of growth. I would sit down with all the representatives and address the issues, see what we could come up with together, as a community.
